Forecast For Strathclyde
Issued by Met Office Aberdeen
at 0400 on Monday 11 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Rather cloudy today with some rain, mainly across the north.

Today:
Some early brightness from Glasgow southwards, on an otherwise cloudy day with some rain. Outbreaks generally patchy, but more persistent and potentially heavier during the afternoon in Argyll. Maximum temperature 14 deg C (57 deg F).

Tonight:
Continuing cloudy through the evening and night with further patchy and light rain, most of this focused across Argyll and Ayrshire. Minimum temperature 6 deg C (43 deg F).

Tuesday:
Mainly cloudy with some patchy light rain, generally focused in the far north and west. However also some limited brighter spells developing, most readily in the Central Belt. Maximum temperature 14 deg C (57 deg F).

Outlook for Wednesday to Friday:
Some patchy light rain, perhaps turning more persistent late Thursday and early Friday. Rather cloudy but some limited brighter spells developing.
